Tenderer, (Seal of the firm)

Executive Engineer(Civil)

MAHARASHTRA STATE ELECTRICITY DISTRIBUTION CO. LTD.
CIVIL DIVISION **RATNAGIRI**

3A. SPECIAL CONDITION OF CONTRACT

The payment will be effected as funds availability from Head office Mumbai. Due to shortage of funds there are chances of delay in payments for which the agency will have to bear with the Department. No any sort of claim on this account will be entertained.

3B. REGARDING WATER & ELECTRIC SUPPLY

Time is the essence of this contract. The works listed in schedule-B and covered under the scope of work shall be completed within the time schedule given. Water & Electricity if available then As per MSEDCL consent, terms & conditions, Rules & Regulations of MSEDCL the same will be supplied to contractor and necessary recovery as applicable will be done from Contractor. If Departmental source of Water Supply and Electricity is not available then Contractor has to make his own arrangement for Water & Electricity Generator etc. No any sort of claim on this account will be entertained.

3C. REGARDING WORK EXPENDITURE QUANTITY/AMOUNT

The above said Tender work may or may not be not fully executed on site as per orders by MSEDCL officers. There may or may not be quantity variation during Execution. All rights are reserved by MSEDCL for this and no any sort of claim on this account will be entertained.

Mare work order issued means it is not compulsory to execute the work fully on site. As per site situation or as per Orders of higher offices the work may be cancelled or can be stopped in middle or withdrawn at the same time. Billing and payment will be done as per actual work done on site. No any sort of claim on this account will be entertained.

3D. COMPENSATION FOR THE DELAY

The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to be the essence of the contract) and the contractor shall pay as compensation amount equal to half percent per week or part thereof such smaller amount on the value of work that remains unfinished after schedule date of completion. (SUBJECT TO MAXIMUM 10% OF WORK ORDER VALUE) as discretion of Power, the Superintending Engineer being Competent Authority (whose decision in writing shall be final) may decide the penalty.

3E. CONFLICT OF INTEREST

A bidder shall not have conflict of interest with other bidders for particular quoted item. Such conflict of interest can lead to anti-competitive practices to the detriment of Procuring Entity's interests. The bidder found to have a conflict of interest shall be disqualified. A bidder may be considered to have a conflict of interest with one or more parties in this bidding process for particular quoted tender, if:

- a) they have proprietor/ partner(s)/ Director(s) in common; or
- b) they receive or have received any direct or indirect subsidy/ financial stake from any of them; or

- c) they have the same legal representative/ agent for purposes of this bid; or
- d) they have relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the bid of another bidder; **OR**
- e) In case of a holding company having more than one independently manufacturing units or more than one unit having common business ownership / management, only one unit should quote. Similar restrictions would apply to closely related sister companies. Bidders must proactively declare such sister/ common business/ management units in same/ similar line of business.

3E. The tenderers shall visit the site of work and see for himself the site conditions regarding approaches, materials, water supply, labour etc. and all other matters effecting the work before filling in the percentage quote.

3E. Legal Jurisdiction: - Ratnagiri Court Jurisdiction.

Signature & Full Address of the Tenderer

(Seal of the firm)

MAHARASHTRA STATE ELECTRICITY DISTRIBUTION COMPANY LTD.**2) INSTRUCTIONS TO TENDERERS****GENERAL**

- 1) Percentage rate tenders in two bids system are invited from contractors **registered under MSEDCL who have engaged lab or for like activities contracts (Any type of work orders Tender or Quotation orders)**
- 2) Tender is to be filled online in prescribed format obtained from website www.works.mahadiscom.in/eTender/etender. **Tenderer will have to pay Tender cost ONLINE & EMD in the form of online only just like purchase of Tender.** Only tenders of really competent Contractors, who satisfy the pre-qualifying conditions as mentioned in check list and who are known to have adequate resources and specified experience in this field and scope of the work will be considered.
- 3) Tenders, once submitted, shall remain open for acceptance for a period of 120 days from the date on which they are due for submission and during this period no tenderer shall be allowed to withdraw his tender (Given in written to the department that tenderer is not ready to execute the work or refuse to pay security deposit). Any such withdrawal during the said period will entitle for forfeiture of the earnest money deposited by the Tenderer. Any tender with stipulations that the offer would be valid for any limited period less than 120 days is liable to be rejected.
- 4) The Royalties for raw material payable by the agency to the Govt. of Maharashtra Revenue Department & same will be reimbursed to the agency on submission of valid challan from revenue authority. If there is variation in Royalty charges the difference shall be paid extra over the items to the contractor and shall be recovered if the Royalty rates are reduced by Govt. i.e Revenue department.

EARNEST MONEY DEPOSIT:-

- 1) The prescribed Earnest money is to be submitted in the form of online only. Also upload Online EMD receipt in check list. Tenders without Earnest money in the above forms will be rejected.
- 2) The Earnest money deposit will be forfeited by the Company in case the successful tenderers after his/their tender has been accepted shall refuse to pay the prescribed security deposit and/or fail to sign and complete the contract agreement, within the prescribed time there so far.
- 3) Tenders without Earnest money in the above forms will be rejected.

SCHEDULE OF PRICES

- 1) Schedule of quantities with specific rates is included in the tender document. It shall be definitely understood of that the quantities indicated are only tentative and are liable to alternations by omissions, deductions or additions at the discretion of the Competent Authority or his representative as put for thin the conditions of contract.

- 2) The rates referred for individual items of Schedule 'B' include cost of all materials, labor, plant, equipment, temporary works, tools, getting out, supervision transport, GST, royalties, and any local taxes or levies payable on all transactions, insurance and everything necessary for due completion and proper performance of all works under this contract.
- 3) The rates for various items shall be also deemed inclusive of all royalties payable on boulders, stone metal, naturals and, excavated material in company own source or imported from elsewhere.
- 4) The tenderer shall quote only one uniform percentage above / below / at par at which he should offer to carry out, the appropriate memorandum of tender page of the document and affix his seal and signature thereof and this page along with signature gets canned & submitted on-line.
- 5) The contractor has to pay GST.

TIME LIMIT

- 1) The overall time allowed for completion of the work shall be as per tender notice, time limit shall be counted from the date of handing over of site to the contractor, it shall however be clearly understood that it may not be possible for the Company to hand over the entire site of the work to the contractor initially itself and the various parts of the site may be handed over in stages also, to suit Company requirements and convenience and the contractor shall be expected to adjust and plan his construction activities accordingly. It shall also be explicitly understood that the contractor shall have to execute and complete the works under contract in stages in accordance with the completion programme approved and intimated to him by the Engineer in Charge during the course of the contract and hand over to the Company the completed works in accordance with such programme.
- 2) It may be clearly understood that the contractor shall be bound to complete and hand over to the Company any works and structures that may be required by the Company earlier than the period indicated in the said programme without any extra expenditure to the company.
- 3) **In case, the contractor does not start/complete or part thereof the work, even after issue of 10 days' notice by competent authority, then such unfinished work shall be got executed through other agency at the risk and cost of the contractor without issuing any further notice by following company's procedure.**

**Date Signature & Full Address of the
(Civil) Tenderer, (Seal of the firm)**

**Executive Engineer
Civil Division Ratnagiri**

MAHARASHTRA STATE ELECTRICITY DISTRIBUTION CO. LTD.**Civil Division, Ratnagiri****C) SPECIAL CONDITIONS OF CONTRACT****GENERAL:**

These special conditions of contract supplement the Instructions to Tenderers and the General Conditions of Contract as stated in tender and contract for works from as applicable to works contract and shall be considered as part of the contract document, where the provisions of these special conditions are at variance with the General Conditions of contract, these special conditions shall prevail.

SCOPE: The Scope of work covered under the present tender & contract is mainly

As per Schedule“B” Attached & as directed by Engineer In Charge.

1) **LOCATION OF WORK:**

The site of work is- Will be Shown by MSEDCL Civil Sub Division. (Area wise)

2) **DRAWING:**

- i) The drawing furnished along with the tender are only for giving idea for tendering and shall not prevail over the construction, drawings furnished during the course of the contractor the description of the work under relevant item of Schedule “B”.
- ii) The dimensions described in the construction drawings and calculated dimensions shall be adhered to, but the drawings shall not be scaled. In case of discrepancy between the described dimensions and calculated dimensions the contractor shall forthwith bring the discrepancy to the notice of the design office & obtain the corrections before proceeding ahead with the work. In case of failure to obtain clarification of the discrepancy by the contractor, the same shall be at his risk and cost, unless otherwise, ordered in writing by the **Executive Engineer (Civil)** of the work.
- iii) ‘Notes’ and ‘Schedules’ incorporated in the drawings shall prevail over the details drawn /shown in the drawings, unless otherwise ordered in writing by the **Executive Engineer (Civil)** of the work.

The Drawings as per Annexure “D” include only some of the preliminary drawing. Those are for the tenderers reference only. The drawings do not indicate all the details and are only generally indicative. The quoted rates should however be good for the final design and drawings to be issued later for construction. It shall be clearly understood that final drawings may or may not be identical to those indicated in the Annexure “D” and no extra claim from the contractor on this account would be entertained.

The Company reserves the right to change the plans ,alter locations, delete portions of the prior to or during construction if it consider necessary Contractor will have to claim on the Board on this account except that he will be paid by the Company at contract rates or at reduced rates as applicable, for actual work carried out prior to such changes, subject to, however that such work carried out

is as per Company's approved drawing specifications duly released for construction.

The contractor will have to proceed with the work as and when the drawings are released for construction by the Company. The Contractor will have to adjust his construction programme to suit the issued drawings. No claim for any such adjustment will be entertained. It shall be specifically noted by the tendered that the Company will release the drawings for construction progressively.

3) PERIOD OF COMPLETION OF WORK:

The time allowed for completion of the work shall be as stated under tender notice. Time being the essence of the contract, the failure of the Contractor to give adequate progress shall be dealt with severely under various provisions of contract by withdrawal of work for any part, in part or whole and execution thereof through any other agency or Departmentally, solely at the risk and cost of the contractor by encashment and diversion of Security Deposit and other dues as per provisions of contract especially in the event of the work being delayed in such a way that overall progress is affected.

In the event of execution of work being affected due to delay in handing over of site and/or non-supply of drawings by Maharashtra State Electricity Dist. Co. Ltd. Only extension of time limit as found adequate and justified shall be considered and no compensation for idle time and labor demobilization and remobilization shall be given by Maharashtra State Electricity Dist. Co. Ltd.

4) DEPARTMENTAL SUPPLY OF MATERIALS:

No material will be issued by the Company. The contractor has to arrange for each and every material required for the job. The materials procured by the contractor should be of approved quality, confirming to the detailed specifications, specifications for materials and as per relevant I.S. Specifications. The cement to be utilized shall be from reputed manufacturer approved by the Engineer-In-Charge and shall be ordinary Portland cement confirming to I. S. 269-1967. For each batch of cement, tests should be arranged by the contractor.

The materials procured shall be from reputed manufacturers or their duly authorized dealers/stockiest only. The materials shall confirm to the relevant I.S. Specifications. The materials shall also be got tested at an approved laboratory, at the cost of the Contractor to confirm suitability, before commencement of the supply.

The contractor shall produce original quotations collected from various agencies as above and get the 'Supplier' and the prices approved from the Superintending Engineer-In-Charge in writing before procuring the material.

5) Deleted

6) REINFORCEMENT STEEL:

The reinforcement bars for incorporation in R.C.C. work will not be supplied by the Employer and the contractor shall have to make his own arrangements for procuring the same from reputed manufacturers, Re-rollers or authorized dealers. Purchases of steel from unauthorized sources or unauthorized dealers will not be permitted. The reinforcement bars shall be either plain round mild/Tor as per requirement & as directed steel bars

confirming to grade I of I. S. 432 or high yield strength deformed bars confirming to I. S. 1786 or I. S. 1139, as specified in the relevant drawings and as per the relevant item of Schedule 'B' wiremesh or fabric where specified will confirm to I. S. 1566 each lot of the reinforcement steel shall be tested by the contractor in a laboratory approved by the Engineer-In-Charge to confirm the specified quality. No steel shall be permitted to be used in works nor would any advance be granted to the contractor by the Employer unless the test certificate confirming its quality under the provision of the relevant I.S.S. is submitted by the contractor to the Engineer-In-Charge.

7) WATER SUPPLY:

The contractor will have to make his own arrangement of water for execution of this contract. Company will not supply or arrange for supply of water. Sufficient water should be arranged by the contractor throughout the contract period. No extension will be given for the reason that there is scarcity of water.

If it is possible for the department to supply / spare water for the work water supply will be arranged by the Company at any one point at ground level near the side of work for activities. The water supply will be arranged for limited duration as per local condition and the contractor shall have to make his own arrangement for storage of water in adequate quantities for uninterrupted progress of work, as also install at his own cost pumping and further distribution system as per the requirement.

The Company shall charge a flat rate of 0.5% (half percent) of the gross value of work done under the contract including the value of all extra items etc. for the supply of water and there co very would be effected, in respective of the quantum of water supplied, from the running account bill at the rate of 0.5% of the gross value of each R.A. Bill including the value of extra item etc.

Electrical power (3 phase, 440 volts or as available) will be made available to the contractor for lightning etc. ayany two points for construction and related activities such as site lightning etc. The contractor shall have to carry out, at his own cost, all further connection, as per electricity rules & regulation.

The Company shall charge at flat rate of 0.25% of the gross value of work done under the contract including the value of all extra items, escalation etc. for the supply of electrical energy and the recovery would be effected, irrespective of the quantum of electrical energy supplied, from the running accounts bills at the rate of 0.25% of the gross value of each R.A. Bill including the value of extra items etc.

The Company shall not be responsible for any inconvenience caused due to any failure of electric supply and no compensation can be claimed by the contractor due to such non-supply, neither will any claim for reduction in flat rate will be entertained.

The complete installation which the contractor has the undertake for his power supply should confirm to the Indian electricity rules 1966, and the Indian electricity Act,1910, which latest amendments and as per the specifications and standards laid down the rein and as approved the Engineer-In-Charge.

9) **TOOLS, PLANT AND MACHINERY:**

In respect of procurement of plant and machinery, it will be for the contractor to apply to concern authorities for necessary permit etc. under intimation to the Company. It will be for Maharashtra State Electricity Distribution Co. Ltd., only to recommend the application in accordance with the prevailing rules and the entire responsibility and consequences in respect of non – receipt of machineries etc. even in spite of Company's recommendation shall have to be borne by the contractor.

All construction altools, plant and machinery such as pneumatic drills, air compressors, concrete breakers, pumps, concrete mixer, hoist, dumpers, weigh batchers, vibrators, rollers and all other required machineries etc. shall be provided by the contractor for constructions works.

The contractor shall state in Schedule 'C' the details of plant and machinery already held by him and likely to be ear marked for this work including their rating.

Such items of plant and machinery as are available with the Company may be made available at the discretion of the Superintending Engineer to the contractor on payment of hire charges which will be recoverable every month from the contractor's bills and shall be charge for the entire period, including idle days till return of the plant and machinery in working conditions after use. No claim or compensation will be entertained by the Company, for the delay caused to the works by the non-working of any machineries, tools and plants given to the contractor by the Company on hire. The contractor shall employ skilled operators for operating the equipments and return after use the same in the same running condition as they were when handed over to him. Any damage done to the equipment shall be made good by the contractor except normal wear and tear and decisions as to whether such wear and tear is normal or otherwise shall rest entirely with company. The hire charges shall be as fixed by the Superintending Engineer.

10) **ROYALTY**

All quarry fees, royalties, octroi dues and ground rent for staking materials if any should be paid by Contractor. The rates quoted by the tenderers shall be inclusive of the royalty charge as prevalent on the date of opening of the prices. In case of any increase or decrease in the royalty charges by the Govt. of Maharashtra on the materials subsequent to the opening of the price bids, also it shall be responsibility of the contractor to make the payment of appropriate royalty charges to the Revenue Authorities. However, if so required by the concerned authorities the Company may recovered the outstanding amount from the money due to the contractor of from his security deposit and the contractor will not be entitled to any refund from the Company on this account. However, such increase or decrease shall be payable to or recoverable from the contractors. In order to verify whether there is any increase or decrease in the royalty charges, the contractors shall submit along with every R.A. bill

appropriate receipts/certificate from the revenue authorities regarding payment of royalty and increase/decrease therein over the royalty payable on the date of opening of the price bids.

11) TIME IS THE ESSENCE OF CONTRACT:

Time is the essence of contract. The time shall be reckoned from the date on which the site of work is handed over to the successful tenderer.

The contractor shall prepare schedule / Bar chart indicating the commencement and compensation date for each foundation / structure under the scope of work to suit for completion stipulated as stated under tender notice and submit the same within 15days from the date of receipt of the work order to Superintending Engineer-In-Charge, for approval. This schedule / Bar chart shall be reviewed, every fortnight, to ensure that the completion dates, for each foundation /structure, will be met or to institute corrective step to maintain the targeted completion dates. The Company reserves the right to revise the above Schedule / Bar chart and the contractor shall not have any right for compensation on this account.

The contractor shall submit monthly progress report to the Engineer-In-Charge, indicating the progress as per Bar chart, anticipated problems and methods proposed to overcome such problems, shortfalls in progress with reasons therefore shall also be brought in such reports regularly.

12) CO-OPERATION WITH OTHER CONTRACTORS /AGENCIES:

Apart from the work under this contract, other works may be simultaneously going on either departmentally or through other agencies. Each contractor or Agency shall co-operate with the other to the fullest extent and shall allow to each other, every facility & co-operation for execution of their work simultaneously and satisfactorily, during the erection of machinery or execution of any other related works. The contractor will have to work only at places as directed by the Engineer-In-Charge. The contractor may sometimes have to suspend his work partially or such times, he will be informed from time to time and directed by the Engineering charge, when to work. He may also be required to dismantle /shift his construction plant and equipment so as to cause minimum obstruction and inconvenience for erection of machinery and / or any other construction operations/In such cases, he shall not be given any compensation of account of reduction or stoppages of work or idle labor force or dismantling / shifting of his construction plant and equipment etc. It shall, however, be seen by the Engineer-In-Charge that the contractor is not put to unnecessary inconvenience.

13) WORKING HOURS:

The hours of work for the labor employed by the contractor shall conform to the hours of working fixed by the Company.

If the Engineer-In-Charge give permission for night work, such night work shall not entitle the contractor to any increase in rates.

Where night work is in progress, any excavated area shall be barricaded and shall be provided with red light and all other working areas shall be well lighted to prevent accidental falls etc.

Work shall normally be done in single shift per day. However, the Engineer-In-Charge reserve the right to order over time/ double shift/triple shift working if required by progress requirements and the contractors shall not be paid anything extra over his contract rate for such overtime /double shift/triple shift working. The Engineer-In-Charge if he orders such additional shift/s will arrange his Engineer for the usual supervision in additional to normal contractor's supervision.

14) CONTRACTORS SUPERVISION:

The contractor shall, during the entire period, the works are in progress, employ a qualified civil Engineer to being charge of the works with adequate experience in handling of jobs of his nature and with the prior approval of the Superintending Engineer-In-Charge. Such Engineer shall be constantly in attendance at the site during working hours, and also beyond working hours, will it may be necessary to give directions, orders may be given by the Engineer-In-Charge and shall be received and obeyed by the Contractor's Engineer, Superintendent or Foreman who may have charge of the particular part of the work in reference to which orders are given. If requested to do so, the Engineer-In-Charge shall confirm such orders in writing. Any direction, instructions to him, shall be deemed to have been given to the contractor. The representative of the contractor shall have all necessary powers to receive Schedule 'A' materials from the company stores, issue valid receipts for the same, engage labor or purchase materials and proceed with the work as required for speedy execution.

None of the contractor's Engineers, Supervisors or labor shall be withdrawn from the work without due notice being given to the Engineer-In-Charge. Further no such withdrawals shall be made if in the opinion of the Engineer-In-Charge such withdrawals will jeopardize the required pace of progress or detrimental to successful completion of the work.

The contractor shall employ for execution of work only such persons as are careful, skilled and experienced in the respective trades, and the Engineer-In-Charge shall beat liberty to object to and require the contractor to remove any person employed by the contractor in or about execution of works who in the opinion of Engineer-In-Charge misconduct himself or is incompetent or negligent in the proper performance of his duties and all such persons shall not again be employed upon the works without the prior written permission of the Engineer-In-Charge.

15) SECURITY REGULATION:

The contractor shall strictly with the Security Regulation in force at the Company's site of work.

16) SETTING OUT WORKS:

The contractor shall set out the works and shall be responsible for the true and perfect setting out of the same and for the correspondence of the positions, level, dimension and alignment of all parts thereof. If at any time any error shall appear during the progress of any of the works, the contractor shall at his own expenses rectify such error, if called upon, to the satisfaction of the Engineer-In-Charge.

The contractor shall provide all facilities, instruments and attendants to the Engineer-In-Charge or his deputed representative to check his work. Instruments brought by the contractor shall be in good working condition and are subject to approval of Engineer-In-Charge. Checking in part or full of any setting out or any line or level by the Company's supervisory staff shall not in any way relieve the contractor of his responsibility for the correctness thereof.

The contractor shall establish and maintain base lines and bench marks adjacent to the various sections of work at his own cost. All such bench marks and center lines must be carefully preserved by the contractor, and in case of their destruction by him or any of his employees, they shall be replaced at the contractor's own expense.

The contractor shall be responsible for the accuracy of all dimensions within the various sections of the work according to the figures of dimension on the approved drawing issued for construction.

17) SAFETY PRECAUTIONS:

The contractor shall pay particular attention to ensure safety of his staff and work man and others in the vicinity and shall be responsible for any other causes what so ever except natural causes. He shall provide all necessary fencing and lights required to prevent accidents and shall be bound to bear the expenses of defense of every suit, action or other proceeding at law that may be brought by any person of injury sustained owing to neglect of the above precautions and pay may damages and costs which may be awarded in any such suit, action or proceeding to any such person or which may with the consent of the contractor be paid compromise any claim of any such person.

The contractor shall at his own cost make good all damages incurred to the structures so as to delivers the whole of the contracted work completed and perfect in every respect. The contractor shall also make good or otherwise safety all claims for damage to the property of third parties causes by the contractor or his workmen or his petty contractors.

The contractor shall take all precautions necessary and shall be responsible for the safety of the work and shall maintain all lights, guards, sings, temporary passages or other protection necessary for the purpose. All work shall be done at the contractor's risk and if any loss or damages shall be result from fire or from other causes, the contractor shall promptly repair or replace such loss or damage free from all expenses to the Company. The contractor shall be responsible for any or damage to materials, tools, or other articles used or held for use in connection with the work. The work shall be carried on to completion without damage to any work or property of the Company or of others and without interference with the operation of existing machinery, equipment or structure.

ARBITRATION CLAUSE: The Matters to be determined by the Chief Engineer:-

All disputes and differences of any kind what so ever arising out of or in connection with the contract, whether during the progress of the work or after its completion and whether before or after the determination of the contract, shall be referred by the contractor to the Chief Engineer(Civil) Corporate office Mumbai and Chief Engineer shall (within 120 days) after receipt of the contractor's representation make and not if decision so fall matters referred to by the contractor in writing.

While appointing arbitrator(s) as above, due care shall be taken that he/ they is /are not be one/those who had an opportunity to deal with the matters to which the contract relates or who in the course of his/their duties as Co. Ltd. servant (s) expressed views on all or any other matters under dispute or differences. The proceedings or the Arbitral Tribunal or the award made by such Tribunal will, however, not be invalid merely for the reason that one or more Arbitral Tribunal or the award made by such Tribunal will, however, not be invalid merely for the reason that one or more arbitrator had, in the course of his service opportunity to deal with the matters to which the contract relates or who in the course of his/their duties expressed views on all or any other the matters under dispute.

- i) Arbitral award shall state item-wise, the sum and reasons upon which it is based.
- ii) A party may apply for corrections of any computational errors, any typographical or clerical errors or any other error of similar nature occurring in the award and interpretation of specific point of award to tribunal within 30 days of receipt of the award.
- iii) A party may apply to Tribunal within 30 days of receipt of award to make an additional award as to claims presented in the arbitral proceedings but omitted from the arbitral award.
- iv) In case of the Tribunal, comprising of three members any ruling or award shall be made a majority of Members of Tribunal. In the absence of such a majority, the views of the Presiding Arbitrator shall prevail.

- v) Where arbitral award is for payment of money, no interest shall be payable on whole or any part of the money for any period till the date on which the award is made.
- vi) The cost of the arbitration shall be borne equally by the respective parties. The cost shall inter-alia include fees of the arbitrators as per the rates fixed by the Company from time to time. Provided that the fees payable per arbitrator for claims upto Rs. One Crore, shall not exceed Rs. 2000/- per sitting subject to a maximum of Rs. 25,000/- and the fees payable per arbitrator for claims over Rs. One Crore, shall not exceed Rs. 2000/- per sitting subject to a maximum of Rs. 50,000/-. Provided further that the arbitrators who are in service of Govt. / MSSEDCL shall draw fees at half of the rates mentioned above.
- vii) Company shall maintain a list of arbitrators. The Managing Director shall have powers to delete or add the name of the arbitrators in the list or to make amendments to the said list as per his discretion.
- viii) The arbitral proceedings should be completed, and the award be finalized within one year from the date of appointment of arbitrators.
- ix) Subject to the provisions as aforesaid. Arbitration & Conciliation Act, 1996 and the rules there under, and any statutory notification there of shall apply to the arbitration proceeding under this clause.

In case the contractor (s) falls within the ambit of Small Scale & Ancillary Industrial Undertakings Act, 1993, following clause regarding payment shall be incorporated.

19) PAYMENT OF BILLS:

In case the contractor (s) / supplier (s) fall within the ambit of Small Scale & Ancillary Industrial Undertakings Act, 1996, the Company shall pay the price of the goods received, as far as possible, within 60 days subject to a maximum of 120 days from the date of acceptance of the date of deemed acceptance of goods as per specifications. In case the Board fails to pay price of the goods within 120 days from the date of acceptance or the date of deemed acceptance of the goods as per specifications, the Company shall be liable to pay interest as per provisions of Small Scale & Ancillary Industrial Undertakings Act, 1993.

20) VARIATION IN QUANTITIES OF WORK:

The tendered rates for all sub-items / item under Schedule 'B' shall remain firm during the stipulated contractual time limit and the "free over run" period, irrespective of the actual quantity of work executed under any sub-items / items, or the overall quantum of work done, whether in excess or in deficit and no claim for revision of rates on ground of loss or profit or increase overheads or what so ever other ground shall be entertained by the Company.

21) APPROACH TO WORK SITE:

The contractor shall make his own arrangements at his own cost for necessary approach road and ramps for transport of materials to site of works. No charge will be paid by the Company for constructions of such approaches.

22) DEATH, BANKRUPTCY, BEACH OF CONTRACT ETC.:

Should the contract or die or become insolvent or bankrupt or have a receiving order made against him or compound with or make any proposal for carrying on his business under inspection or for the benefit of his creditors or commits an act of insolvency or bankruptcy or being corporation pass a resolution or be ordered to wound up have a receiver or its business appointed or committed any breach of contract, the Company shall be notified in writing to contractor or his legal representative to terminate the contract and the Company may in that event complete the contract in such time and manner and by such presents as the Company shall think fit at the risk, cost and liability of the contractor.

23) INSURANCE:

Without limiting his obligations and responsibilities under various clauses of these 'Special Condition of Contract', the contractor shall insure and keep insured during the contractual period including extensions thereto and the stipulated maintenance period of till the work is handed over to the Company as stipulated elsewhere in this specification, whichever is later, in addition to the insurance required to be taken out under any of the central, state and local law, also for the eventualities so far types of accident, fire, riots, sabotage and natural calamities, for the following.

a) THIRD PARTY LIABILITY:

Limit for bodily injury or death, not more than Rs. One Lakh for one person and Rs.3 Lakh for any other accident, with no limit on the number of accident. This cover shall include amongst others all supervisory staff and workmen of the Company, the staff and workmen of Company's various contractors and their sub-contractors at the project site allowed to remain or to move about the construction area by the Engineer-In-Charge during any or all hours.

b) Workmen's Compensation insurance full cover.

c)

28) The limit stated above shall not mean to limit or dilute the contractor's liability to make good the damage caused or for the insurance claim admitted and paid, shall have to be made good and paid by the Contractor from his own funds. **The Contractor in his own interest is therefore advised to insure against all eventualities including third party property damage full cover.**

29) The insurance agency shall be preferably the Maharashtra Government Insurance Fund. Insurance with other agencies will be acceptable only with the prior written approval of an officer of the Company not below the rank of Dy. Chief Engineer.

30) The insurance shall be at the sole cost of contractor (and he is deemed to have allowed for this expenditure in his quoted percentage over rate for the various item under Schedule 'B') and all formalities for taking out the above stated insurance shall be completed by the contractor and all documents in support

there of shall be submitted by the contractor to the Superintending Engineer-In-Charge before the commencement of the work.

31) In the event of occurrence of an accident, the contractor shall take all actions and lodge the claim with the Insurance Agency and take all follow up actions there after till settlement, keeping the Superintending Engineer-In-Charge informed of all development from time to time. The contractor shall be held liable for non-compliance of any of the prescribed procedures in lodging

of the claim, payment of premium etc. and in such an event, the contractor shall have to make good and pay all damages and claims from his own funds.

32) If the contractor shall fail to insure and keep in force the insurance referred to in Para 23.1 above or any other insurance which he may be required to effect under the terms of the contract, then and in such case, the Engineer-In-Charge may at his opinion effect and keep in force any such insurance and pay such premium or premia as may be necessary for that purpose and from time to time deduct such expenditure (with 15%extra towards Company's overheads) from the monies due to or may become due to the contractor or from the contractor's deposits with the Company under this contract or any other contract, or recover same as a debt due from contractor. Provided further that the liability of the contractor in terms of various other clauses under the contract may continue to be in force and Company's right to recover from the contractor directly, the cost towards any loss, damages etc. remain unchanged, irrespective of whether the Company has affected the insurance or not. Also provided further that non – insurance by the Company in terms of this clause shall not in any other clauses under the contract.

33) All form alities towards insurance shall be completed by the contractor before commencement of the work. Copies of the insurance papers in duplicate along with the original set of papers shall be submitted by the contractor to the Superintending Engineer-In-Charge for verification and record. The original paper may be return to the contractor after verification. The Company is not bound to pay neither is the contractor eligible to receive any payment due or otherwise from Company under the contract till all form alities in respect of Insurance are completed by him.

34) **NEGLIGENCE:**

If in the opinion the Company, the Contractor Neglects to execute the work with diligence and expedition or refuses or neglect to comply with any reasonable orders given to him in writing by the Engineer-In-Charge in connection with the work, or contravenes the provisions of the contract, the Company may give a 7 days' notice in writing to the Contractor to make good such neglect, failure or contravention and if the contract or fails to do so within the time reasonably necessary for making it good.

Fails to properly execute the work or any part of the work due to either gross negligence or deficiency in technical skill including but not limited to the provisions of latest tools, tackles and qualified technical persons and which in the opinion of the Company's is likely to result or has resulted in substandard work or loss thereof, then and in such case the Company shall be at liberty to employ other workmen after giving as even days' notice in writing and there after perform such work as the

contractor may have neglected to do or if the Company so desires to take the work wholly out of the contractor's hands and execute departmentally or recontract with any other agency or provide any materials, tools, tackle or labour for the purpose of completing the work or any part thereof and in that event the Company shall, without being responsible to the contractor for fair wear and tear of the same, have the free use of all the materials, tools, tackles or labour for the purpose of completing the work or any part thereof, which maybe on the side, at any time in connection with the work to the exclusion of any right of the contractor over the same, and the Company shall be entitled to retain and apply any balance which may be otherwise due on the contractor by the Company to the contractor or such part thereof as maybe necessary to the part of the cost of executing such work as afore said.

35) REDUCTION FROM CONTRACTOR PRICE:

The amount of any cost, damages or expenses or other sums which under this or any other contract is payable by the contractor to the Company may be deducted by the Company from any money due or becoming due by the contractor under this or his any other contract with the company without prejudice to the Company's rights to recover the same by ordinary process of law.

36) REPLACEMENT OF DEFECTIVE WORK/MATERIALS:

It during the progress of the work the Engineer-In-charge shall decide and notify in writing to the contractor, that the contractor has executed an unsound or imperfect work, or has supplied any plant or materials inferior in quality or quantity those specified, the contractor shall on receiving details of such defects or deficiencies has to make good the defective unsound or imperfect work or replace materials, as per written instructions of the Engineer-In-Charge, at his own expenses within such time as maybe reasonably necessary for making it good, proceed to alter, reconstruct such work or supply fresh material upto the standard or the specification. In case the contractor fails to do so, the Engineer may, on giving the contractor 7 days notice in writing of his intention to do so, proceed to remove the work or materials complained of and at the cost of the contractor, perform all such work and/or supply all such materials provided that nothing in this clause shall be deemed to deprive the Company, or affected any rights under the contract which, it may otherwise have in respect of such defects or deficiency and no interim payments which may have been made on account of the plant or materials delivered or work executed shall be looked upon as acceptance of such plant, materials or work.

37) CERTIFICATE NOT TO AFFECT RIGHTS OF COMPANY OR CONTRACTOR'S OBLIGATIONS:

No certificate of the Engineer-In-Charge nor any sum paid on account by the Company not in any extension of time for the works granted shall affect or prejudice the contractor's obligations for the due performance of the contract or be interpreted as approval of the work done or of the material supplied and no certificate shall create liability in the Company to pay variation or additional work not ordered in writing by the Engineer-In-Charge or discharge the liability of the contractor for the payment of damages whether due, ascertained or certified or not or any sum against the payment of which he is bound to

indemnify the Company nor shall any sum paid on account or otherwise affect or prejudice the obligation of the contractor to the Company.

37) NON-EXERCISE OF RIGHTS AND CONTRCATOR'S LAIBILITY:

In any case which may of the powers and rights conferred upon the Company shall have become exercisable and the same shall not have been exercised then non-exercise thereof shall not constitute a wave of any of the conditions hereof and such powers shall, notwithstanding be exercisable in case the defaults by the contractor for which under any clause or clauses hereof he is declared liable to pay compensation and the liability of the contractor for cost and future compensation shall remain unaffected.

38) PAYMENTS:

R. A. Bills shall be submitted by the contractor monthly to the Sub-Divisional office on or before the date fixed by the Superintending Engineer-In-Charge for all the works executed in the previous month. 75% payment of the R. A. bill shall normally be released within reasonable time on availability of funds on receipt of such bill in the Divisional Office. Balance payment of the net payable amount of the R. A. bill, would be effected after details audit etc. The tenderer shall clearly note that while every effort would be made by the Company to stick up to the above Schedules of payment, no claim for payment of interest/damage etc. for any delay in the payment shall be considered or payable by the Company.

Every possible effort to finalize the final bill within 9 months from the date of completion of the work in all respects as certified by the Superintending Engineer-In-Charge shall be made. It is desirable for enabling early settlement of the final bill all material accounting royalty clearance certificate etc. shall be submitted by the contractor and all dues settle at pre-final bill stage itself. However, the tenderer shall clearly note that while every effort shall be made by the Company to stick up the above Schedule of payment, no claim for payment of interest / damage etc. for any delay in the payment shall be considered or payable by the Company.

In case the final bill is not finalize within a period of 9 months from date of completion, at the request of the contractor but at the soled is cretion of the Superintending Engineer-In-Charge, payment of 100% of the net payable amount as assessed from the date available at that time (but only after Divisional Audit) may be released to the contractor against submission of Bank Guarantee for a amount equivalent to 150% of such net payable amount, by the contractor. The Bank Guarantee shall be in the Company standard Performa and shall be valid till the final bill is actually paid to the contractor.

39) CHECK ON CONTROLLED MATERIALS:-

The Company shall render all possible help for securing priorities for supply of controlled materials which are required to be used in connection with the construction work. In case the material issued either through or with the recommendation of the Company it is absolutely essential for the contractor to maintain a correct and honest record of said material with particular reference to the turnover of the work done during the day. The Engineer-In-Charge or his

authorized agent shall have the right to inspect and the account for these materials shall be presented for inspection whenever called for.

40) **DAMAGE TO WORKS:**

The works whether fully completed or incomplete, all the materials, plants, tools, temporary building and other things connected with the works shall remain at the risk and in the sole charge of the contractor until the completed work has been delivered to the Engineer-In-Charge and till the completion certificate has been obtained from the Engineer-In-Charge. Until such delivery of the completed work, the contractor shall at his own cost take all precautions reasonably necessary, to keep all the aforesaid works, materials, machinery, plants, temporary building and other things connected the works free any loss or damage and in the vent of the

Same or any part thereof being lost or damaged, he shall forthwith reinstate and make good such loss or damage at his own cost.

LAW AND REGULATIONS:

The Company, shall, throughout the continuance of the contract in respect of all matters, arising in the performance thereof, serve all notices and obtain consents, way leaves, approval and permission required in connection with the regulations and by laws of the local or other authority which shall be applicable to the works.

All the works shall be executed by the contractor in accordance with the laws in force in India relating to the work and rules and regulations there under and any statutory modifications Thereof whenever they are applicable, unless otherwise agreed to in writing by the Engineer-In-Charge.

The contractor shall abide himself and fulfill all obligations enforce able under Enforcement of Contract Labor(Regulations and Abolition Act,1970) as well as the payment under minimum Wages Act and absolve the Company entirely of all responsibility under these acts. In case the contractor has not fulfilled all the obligations under these acts at the time of tendering, his tender is not likely to be considered. Even after award of the Contract, at any stage it is observed that any of his obligations under these Acts are not fulfilled, in addition to the action being taken in accordance with the provisions of the Act, the contract may be canceled and deemed as having been abandoned against the terms of the contract.

44) **TAKING OVER:**

When all performance tests called for by the specifications have been successfully carried out on completion of the work, the work shall be accepted and taken over when it has been satisfactorily certified, or within one month of its being ready for issue of such certificate, whichever shall be the earlier and the Engineer-In-Charge shall forth with issue a taking over certificate.

If for any reason other than the default of the Contractor such last mentioned tests on site have not been carried out within one month of notice by the contract or to the Engineer-In-Charge of the work being ready for test, the same shall be deemed to have been taken over so as on the last day of such period and payments due to the contractor on taking over shall carry out the said last test

during the maintain period. The performance guarantee/Security deposits under this contract shall however be released only after the stipulated test results indicate successful performance.

The Tenderer shall specifically note that the contract is deemed to be complete only after the land and staff quarters allotted to the contractor by the Company are vacated by him and returned to the Company in the same condition such that the staff quarters are handed over to him by the Company.

The Engineer-In-Charge shall not delay the issue of any taking over certificate contemplated by this clause on account of minor defects or items to be completed in the work, which do not affect the proposed use thereof provided that the contractor shall undertake to make good the same within a specified time limit.

The Engineer shall be at liberty at any time to put into beneficial use the whole or any part of the work he may desire to use pending completion and taking over of the same. The decision of the Superintending Engineer shall be final and binding on the contractor as to whether the items are minor or important and if the Superintending Engineer certifies that the items to be completed are important, notwithstanding anything contained in the contract, the taking over certificate shall not be issued.

45) **CONTRACTOR'S LIABILITY FOR LOSS, DAMAGE, ACCIDENTS ETC.:**

The contractor shall be responsible for loss, damage or depreciation to the plant/ building until the plant/ building is taken over in the accordance with Clause 42 above.

The contractor shall, during the progress of the work, properly cover up and protect the plant from injury through exposure to weather or by any other cause and shall take very reasonably proper timely and useful precautions against accidents or injury to the same from any cause and shall be remain answerable and liable for all accidents or injuries there to which until the same area or be deemed to be taken over. The contractor shall be responsible for all damages and losses to the plant / building/ machinery that may arise or be occasioned by the acts or omissions of the contractor or workmen, or sub-contractor and all damages to the plant / building arising from such accidents or injuries as aforesaid shall be made good in the most complete and substantial manner by and at the sole cost of the contractor and to the reasonable satisfaction of the Engineer-In-Charge.

In the case of loss or damage to any portion of the plant/building/machinery delivered arising from or occasioned by other causes for which the contractor is not liable, the same shall, if required by the Company be made good by the contractor in like manner but at the cost of the Company at a price to be agreed between the contractor and the Company or in default of agreement settled.

Until the work shall be or deemed to be taken over as aforesaid the contractor shall also be liable for and shall indemnify the Company in respect of all damage or injury to any person or to any property of the Company or of other occasioned by the negligence of the contractor or his sub-contractors on account of any defective design, work or materials but not otherwise.

Notwithstanding anything contained in this contract, the contractor shall

be liable to pay for any actual damage to the structure for reasons unforeseen or being the control of the Company during the period of maintenance as stipulated in this contract.

The contractor shall indemnify and save harmless the Company against all action, suits, claims demands, costs or expenses arising in connection with injury suffered prior to the date when the plant shall have been taken over under Clause 42 herein, by person employed by the Contractor or his sub-contractors, on the works, whether under the general law or under the Workmen's Compensation act 1923 as updated or any other statutory or law in force dealing with the question of the liability of employers and shall also take properly to insure against any claim there under.

On the occurrence of an accident which results in the death of any of the workmen employed by the contractor or which is so serious as to be likely to result in the death of any such workman, the contractor shall, within 24 hours of happening of such an accident, intimate in writing to the concerned Engineer-In-Charge to the fact of such accident. The contractor shall indemnify the Company against all loss or damages sustained by the Company resulting directly or indirectly from his failure to give intimation in the manner aforesaid including the penalty or fines if any payable by the Company as a consequence of Company's failure to give notice under the Workmen's Compensation Act, or otherwise to confirm to the provisions of the said Act in regard to such accident.

In the event of any claim being made, or action brought against the Company and arising out of the manner referred to and in respect of which the contractor liable under this clause, the contractor shall immediately thereof, and with the assistance if he so requires of the Company but at the sole expense of the contractor, conduct all negotiations for the settlement of the same or any litigation that may arise there from. In such case the Company shall at the expenses of the contractor accord all available assistance for any such purpose.

46) A) COMPENSATION FOR DELAY:

The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to be the essence of the contract) and the contractor shall pay as compensation amount equal to half percent per week or such smaller amount on the value of work that remains unfinished after schedule date of completion. (SUBJECT TO MAXIMUM 10% OF WORK ORDER VALUE) as the Superintending Engineer (whose decision in writing shall be final) may decide.

B) ACTION UNDER CONTRACT AGAINST DELAY:-

If the progress of any particular portion of the work is unsatisfactory, the agency has not commenced the work. The Superintending Engineer whose decision shall be final shall notwithstanding that the general progress of the work is satisfactory, be entitled to take action under clause 2.05.02 (b) following, after giving the contractor 10 day's notice in writing and the contractor will have no claim for compensation for any loss sustained by him owing to such action.

- 1) In any case in which any cause or clauses of the contract the contractor shall have rendered himself liable to pay compensation amounting to the whole of his security deposit (where paid in one sum or deducted by installment) or in the

case of abandonment of the work owing to serious illness or death of the M.S.E.DISTRIBUTIONCO.LTD. shall have powers to adopt any of the following courses as he may deem best suited to the, To rescind contract (of which rescission notice in writing to the contractor under the hand of the Superintending Engineer shall be conclusive evidence) and in that case the security deposit of the contractor shall stand forfeited and be absolutely at the disposal of the M.S.E. DISTRIBUTION CO. LTD. Or,

- 2) To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant, and charges on additional supervisory staff including the cost of work charged establishment employed for getting the unexecuted part of the work completed and crediting him with the value of work done departmentally in all respects in the same manner and at the same rates as if it has been carried out by the Contractor under the terms of his contract. The certificate of the Superintending Engineer as to the value of the work so done Departmentally shall be final and conclusive against the contractor or,
- 3) To order that the work of the contractor be measured up and to take such part there of as shall be unexecuted out of his hands, and to give it to another contractor to complete, in which case the expenses incurred on advertisement for fixing anew contracting agency additional supervisory staff including the cost or work charged establishment and cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as it had been carried out by the contractor under the terms of his contract. The certificate of Superintending Engineer as to all the cost of the work and other expenses incurred as aforesaid for or in getting the unexecuted work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

47) **FORCE MAJEURE CLAUSE:**

Below mentioned conditions only shall be constructed to be applicable to this contract as Force Majeure' conditions.

- 1) Irresistible compulsion.
- 2) Coercion diplomatically interpreted as irresistible
- 3) War.
- 4) Strike declared as illegal by Labor Commissioner.
- 5) Lock outs by contract or agreed to by Labor Commissioner.
- 6) Act of God.

No other 'Force majeure' condition shall be treated as applicable this contract. Any statement about any exigency outside contractor control if include in 'Force Majeure' the said change shall not be accepted by the Company. If the reare illegal strikes / legitimate circumstances if above nature in the works of contractor's supplier's for manufactured materials, the same shall be notified by the contractor to the, which may consider the issue, and advice the contractor for

change of agency in which case corresponding time loss shall be covered by 'Force majeure' clause. This consideration shall however, not be treated as applicable to local suppliers (for material such as sand, transportation agencies etc.)(Save for Railways).

48) CONFLICT OF INTREST

A bidder shall not have conflict of interest with other bidders for particular quoted item. Such conflict of interest can lead to anti-competitive practices to the detriment of Procuring Entity's interests. The bidder found to have a conflict of interest shall be disqualified. A bidder may be considered to have a conflict of interest with one or more parties in this bidding process for particular quoted tender, if:

- a) they have proprietor/ partner(s)/ Director(s) in common; or
- b) they receive or have received any direct or indirect subsidy/ financial stake from any of them; or
- c) they have the same legal representative/ agent for purposes of this bid; or
- d) they have relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the bid of another bidder; or
- e) In case of a holding company having more than one independently manufacturing units or more than one unit having common business ownership / management, only one unit should quote. Similar restrictions would apply to closely related sister companies. Bidders must proactively declare such sister/ common business/ management units in same/ similar line of business.

49) DAMAGE TO THE OTHER STRUCTURE AND PLANTS:

The contractor shall be totally held responsible for any loss or damage, caused by any act of the Contractor's labor or his sub-contractor's labor including but not limited to covered/open blasting, to the existing structures and plants or any other structure or plant that may be under construction /erection by any other agency at this site during the entire period covered by this contract along with time extension if any.

Any permission given by the Engineer to the contractor to carry out such work, as blasting etc. shall not be constructed to be waiver of the contractor's responsibility. In such cases the amount in respect of loss or damages, as directed by the Company, which shall be considered as final and binding on the contractor, shall stand recoverable from any payments due to the contractor in this or any other contract between the Company and contractor. It shall also be considered rightful for the Company to attach balance payments for enabling the Company to recover full extent of such amount.

However, in the event of amount of such losses / damages being recovered by the Company from the insurance company due to any of the insurance not declared under this contract, the amount recovered from the contractor shall be refunded to him to the extent of compensation received from insurance agency, subject, however to such refund being limited to the initial recover / recoveries made from contractor's bills in respect f each of such exigencies taken individually. A minimum amount limited to 15%of the assessed loss, to recover Company overhead etc. shall however be recovered by the Company from the

contractor in such a case.

50) **CONCRETE DESIGN MIX:**

The mix design of concrete shall be carried out by the Engineer-In-Charge in the Company's laboratory and in any approved laboratory in accordance with the technical specification enumerated under relevant clause of 'specification for plain and reinforced cement concrete' of this tender specification, envisaging use of weigh batcher, the contractor shall supply at the laboratory, to the Company free of cost samples of metal of different grades and sand that be proposes to use in the concrete in required quantities for as certaining the appropriate design mix. Unless otherwise approved by the Superintending Engineer-In-Charge in writing, the proportion by the weight of various aggregates as arrived at for the design mix shall not be converted into volumetric proportion and weigh bathing shall have to bed resorted to by the contractor for all concreting.

The Tenderer shall clearly note that the cement concrete for quotation purposes as stated for various cement concrete items are expected to be those, which are determined by absolute volume method in the laboratory. As such the deference only in respect of laboratory determination & figure stated in Schedule 'A' issue rates plus 10% towards handling and other over heads. All wastage of cement of any nature and consumption of extra cement if any, for whatsoever reasons during actual concreting, shall have to absorb by the contractor, within his overall quoted rates, for the relevant items of contract.

51) **ASSIGNMENT:**

The whole of the works included in the contract shall be executed by the contractor and he shall not directly transferred assign or sublet the contract of any part share or interest therein, nor shall be take a new partner without the written consent of the Superintending Engineer-In-Charge, and no subletting shall relieve the contractor from the full and entire responsibility of the contract or from active supervision of the works during their progress.

If the contractor shall cause any part of the work to be performed by is approved sub-contractor the provisions of the contract shall also apply to such sub-contractor and his or its officers, agents, or employees in all respects as if he or it and they were employees of the main contractor, and the main contractor shall not in any manner thereby, be discharged from his obligations liability here under, but shall be liable here under for all acts and negligence of his sub-contractor, his or its officers, agents, employees and laborers, No sub contractor shall be made by the main contractor, without the approval of the Superintending Engineer-In-Charge, of both the subcontract and the subcontractor, and such sub contractor shall not in any manner shall affect the provisions hereof. Copies of all such sub contracts shall be furnished to the Superintending Engineer-In-Charge.

52) **POWER TO VARY OR OMIT WORK:**

No alteration, amendmments, omissions, additions, suspension, or variation of the work herein after referred to as 'Variation' under the contract as shown by the approved contract drawings or the specifications shall be made by the contractor except as directed in writing by the Engineer-In-Charge. The Engineer-In-Charge shall have full powers and subject to special conditions herein, for time to time during the execution of contract by notice in writing to instruct the contractor to make such variation without prejudice to the contract

and the contractor shall carry out such variations and be bound by the same conditions as far as applicable as through the said variations occurred in the specifications. If any suggested variations would be in the opinion of the contractor, if carried out, prevent him from fulfilling any of his obligations or guarantees, under the contractor, he shall decide forthwith whether or not the same shall be carried out, and if the Engineer confirms his instructions in writing, the contractor's obligation and guarantees shall be modified to such extent as may be justified. The difference of cost, if any, occasioned by any such variations, shall be added to or deducted from the contract price as is warranted. The amount of such difference, if any shall be as certified and determined in accordance with the rates specified in the Schedule of price, so far as the same may applicable and when the rates are not contained in the said Schedules or are not applicable, they shall be settled by the Engineer-In-Charge and contractor jointly and would be subjected to approval of the Competent Authority of the Company which shall be final and binding on the contractor. In any case in which the contract has received instructions from the Engineer-In-Charge for carrying out the work, each either them or later in will in the opinion of the contractor involve a claim for and additional payment, the contractor shall, as soon as reasonably possible after the receipt of the instructions, as aforesaid, advise the Engineer-In-Charge to that effect in writing and in any case within a month of receipt of such instructions, failing which the claim shall not be entertained, nor shall be contractor be eligible for such claims.

53) **MAINTENANCE AND DEFECTSLIABILITY PERIOD:**

If the work or any portion thereof shall be damaged in any way excepting by the acts or the Company or if defects not readily detected by proper inspection shall develop before the final completion and acceptance of the whole work, the contractor shall forth with make good, without compensation, such damage or defects in a manner satisfactory to the engineer-In-Charge. In no case shall defective or imperfect work to be retained.

Six (6) calendar months from the date of completion of contract unless otherwise agreed in writing by the Company will be deemed as the 'Maintenance and defects Liability Period'. I case any defects due to bad materials and/or bad workmanship develop in the work before the expiry of this period, the contractor on notification by the Engineer shall rectify or remedy the defect as at his own cost and he shall make his arrangements to provide materials, labor, equipment and any other appliance required in this regard. In case even no due notification by Engineer, the contractor fails to rectify or remedy the defects, the Engineer shall have the right to get this done, by other agencies and recover the cost incurred plus 15% towards Company over heads by deductions from any money due or that may become due to the contractor or from his security deposit.

The Company may, in lieu of such amending and making good by the contractor, deduct from any money due to contractor or from his security deposit, a sum to be determined by the Company equivalent to the cost of amending such work and in the event of such security deposit being insufficient, recover the balance from the contractor together with any expense the Company

may have incurred in connection there with.

The contractor shall remain liable under the provisions of this clause notwithstanding the passing by the Engineer-In-Charge of any certificate, final or otherwise or the passing of any accounts or payment in part or whole towards any work.

RATES FOR EXTRA ITEMS OF WORK:-

For any item of work required to be executed under this contract and considered essential for completion of the work but for which rate does not exist in the contract shall preferably be derived from similar items under Schedule 'B'. However, if the rate cannot be derived from any item under Schedule 'B', the rate for such extra item of work may be derived from the schedule of rates of Public Works Department of Government of Maharashtra applicable to the site of work during the period of construction, duly adjusted for lead, towards cost of Schedule 'A' materials issued etc. and increased or decreased to the extent of quoted percentage above or below the estimate and accepted under the work order.

The tender shall clearly note that the rates for extra items arrived as above shall be subject to the approval of the Competent Authority of the Company and the decision of the Competent Authority of the Company shall be final and binding on the contractor.

The contractor shall be bound to execute all extra items of work which are interpreted by the Superintending Engineer / Superintending Engineer-In-Charge of the works as contingent to the works include under the scope of the contract. In case of any disputes regarding interpretation, rates etc. the decision of the Superintending Engineer would be final and binding on the contractor.

54) PRICE ESCALATION / VARIATION CLAUSE:

This clause is not applicable to this tender work.

55) PARTICULARS OF TENDERERS:

The Tenderer shall give details of his / their previous experiences including that in MSSEDCL and any other details as the wish to give in Annexure 'A'. If no particulars are given, it would be presumed that the Tenderer has no previous experience, and his tender will be evaluated accordingly.

57) SPECIAL NOTICE OF CONDITIONS:

If the price quoted by the contractor by any chance is above or below 5% (Five percent) of the estimate a detailed analysis and note in justification of the quotation should accompany the tender, failing which the tender may not merit consideration and would be treated as arbitrary.

Conditional tender/tenders with rate adjustment against payment of mobilization /machinery cash / advance etc. would not be considered. Contractor has to submit the computerized R.A. Bill along with recovery statement, materials account, etc. in the Performa prescribed by this office.

The specification for material executions of work etc. the same will be referred from RED Book of standard specifications of Govt. of Maharashtra B & C Department.

58) TERMINATION OF CONTRACT:

1. In the event of sudden failure, neglect, dislocation or stoppage of work or illegal activities, instance of any Moral, breach of contract conditions on your part or your staff the under signed reserves the right to terminate the contract in part or full and get the work done through some other agency or departmentally at the Risk and cost of the contractor. The contractor in such event shall be required to pay the MSEDCL the additional cost/ expenses with 15% overhead charges incurred by the MSEDCL for having such work done by other agency and such cost / expenses are recoverable from the contractor from his pending bills, security deposit or other means.
2. In the event of poor performance, the company reserves the right to terminate the contract by giving 1month notice & forfeiting the S. D. paid by you.
3. In the event of the contractor suspending or abandoning the services fully or partly without giving proper to the MSEDCL & without handing over the charge to the Company of the equipment's / assets, materials (handed over to him by the Co. for custody) the cost of the same shall be recovered from security deposit and or other dues payable to him without prejudice to the rights of the Co to over balance amount through other means.
4. The right to terminate or restrict the contract at any stage with or without assigning the reason there of is reserved with the undersigned. If the contract is terminated, the contractor shall stop the work immediately.

59) CO-OPERATIVE SOCIETY /PUBLIC SERVICE CENTRE:

1. The Co-operative Societies of unemployed persons & Public Service Centers may exercise the right to accept / refuse the tender at L-1 rate quoted by other bidder for work value upto Rs.10/-Lakhs.
2. If the Co-operative Societies of unemployed persons & Public Service Centers will accept the tender at L1 rate quoted by the other bidder, then the tender shall be awarded to co-operative societies of unemployed person sand public service center, however incase of co-operative societies of unemployed persons & public service center refuse to accept the tender at L-1 rate quoted by other bidder, then the tender shall be awarded to L-1 bidder.

60) REVISED POLICY AND PROCEDURE FOR DEBARRING / BLACKLISTING OF AGENCIES FROM BUISINESS DEALING WITH MSEDCL.

1. This Policy shall be applicable for this contract in variably including all kinds of revisions and amendments there to from time to time. Copy of this document available with the office publishing this tender and shall be provided for reading purpose as and when demanded by the bidder.

ADDITIONAL INSTRUCTIONS
(Applicable for tenders called on Rate Contract basis)

RATE CONTRACT:

The terms and conditions for the rate contract shall be same as those specified in Annexure 'A' Conditions of Tender & Supply, with the following additions/modifications. These clauses are applicable wherever they are deviating from the relevant clauses of the tender form and shall supersede the terms & conditions mentioned therein and shall be applicable to the rate contract tender.

1.0 PERIOD OF RATE CONTRACT:

The rate contract shall be in operation for a period of one year from the date of Award of Contract.

2.0 QUANTITY:

- 2.1 Quantity ordered in Annexure 'B' of the tender documents or quantity, which shall be ordered on successful bidder, is only the estimated requirement for the contract period of one year. The actual supply against the contract shall be limited to the quantity demanded during the contract period which shall not be less than 40% of the ordered quantity.
- 2.2 It will not be binding on the part of the purchaser to draw the entire quantity during the contract period.
- 2.3 On expiry of the contract period, any undemanded portion of the contract shall stand automatically cancelled without any financial liability on either side.

3.0 DELIVERY PERIOD:

- 3.1 The delivery schedule offered shall indicate the quantity of first lot and the rate per month at which the supply shall be effected.
For quantities demanded upto 40% of the contract quantity, commencement period will be allowed for the first demand only. The deliveries of subsequent demands shall be effected at the agreed monthly rate from the date of receipt of such demands or the expiry of the delivery period of the earlier demands whichever ever is later.
For the balance quantity over and above 40% of contract quantity, if demanded separately, the delivery period as agreed including the commencement period will be applicable.
- 3.2 The demanding officer will issue dispatch instructions as per his requirement. The quantity demanded per consignee could be less than or equal to monthly lot specified in the contract. Whenever as per demands, the quantity to be supplied to a consignee in a particular month is less than monthly lot quantity, the said quantity will be treated as lot quantity for the purpose of delivery and payment.
- 3.3 In the last demand/s made, if the deliveries cannot be effected within the contract period after counting the delivery period in the above manner, the contract period shall stand automatically extended till the expiry of the delivery period counted in the above manner, unless instructed by the concerned Demanding Officer not to dispatch the material after expiry of the contract period.
- 3.4 The commencement of the delivery period shall include the period for submission of prototype/sample (wherever applicable) and approval of the same and also the time required for routine inspection and approval of test certificates, wherever required.
